Jeff -Here is a draft email for the extension request.

Tom,

As a follow-up to our conversation and the discussion between our staff regarding the proposed Centerville Properties Development by Tri-City Properties, LLC in Chesapeake, Virginia, EPA formally requests a 30 day extension of the comment period on the Public Notice NAO-2006-5097. As we discussed, this is a very complex project with considerable impacts to high value resources and a site review with your staff on the proposal would be useful.

EPA intends to provide detailed site specific substantive comments for the Centerville Properties Development in response to the Public Notice. EPA makes this extension request due to the size, scale and complex history of the project, the extensive information to be reviewed as well as to accommodate the site visit scheduled for next week.

Thank you for your consideration of this request. I look forward to your reply at your earliest convenience.
